

# TABLE OF CONTENTS

|   |    |  |    |
|---|----|--|----|
| <b>Executive Summary</b> .....                          | 3  | <b>Chapter 5</b>   |    |
| <b>Chapter 1</b>  |    | <b>Salmon Smolt Survival Investigations</b>                |    |
| <b>Introduction</b> .....                               | 8  | <b>Acoustic-Tagged Smold Distribution Study</b> .....      | 40 |
| Experimental Design Elements .....                      | 9  | Introduction .....   | 40 |
| <b>Chapter 2</b>  |    | Fish Tagging .....   | 40 |
| <b>VAMP Hydrologic Planning and Implementation</b> ...  | 10 | Fish Releases .....  | 41 |
| 2007 VAMP Summary .....                                 | 10 | Water Temperature Monitoring.....                          | 41 |
| VAMP Background and Description.....                    | 10 | Net Pen and Health Assessments .....                       | 43 |
| Hydrologic Planning for 2007 VAMP.....                  | 12 | Health and Physiological Tests.....                        | 43 |
| Implementation.....                                     | 15 | Detection of Acoustic-Tagged Fish .....                    | 47 |
| Hydrologic Impacts .....                                | 16 | Fish Transit Time .....                                    | 47 |
| Summary of Historical VAMP Operations.....              | 16 | Chinook Salmon Distribution and Survival.....              | 49 |
| <b>Chapter 3</b>  |    | Estimates of Survival.....                                 | 49 |
| <b>Additional Water Supply</b>                          |    | Head of Old River Barrier Releases .....                   | 54 |
| <b>Arrangements &amp; Deliveries</b> .....              | 24 | Mobile Monitoring .....                                    | 55 |
| Merced Irrigation District.....                         | 24 | Comparison with Past Years.....                            | 58 |
| Oakdale Irrigation District .....                       | 24 | San Joaquin River Salmon Protection.....                   | 58 |
| <b>Chapter 4</b>  |    | <b>Chapter 6</b>   |    |
| <b>Head of Old River Barrier</b>                        |    | <b>Complimentary Studies Related to the VAMP</b> .....     | 66 |
| <b>Barrier Design, Installation and Operation</b> ..... | 27 | 2007 Mossdale Trawl Summary .....                          | 69 |
| Flow Measurements at and Around                         |    | Survival Estimated for CWT Releases Made                   |    |
| the Head of Old River.....                              | 29 | in the Merced River .....                                  | 74 |
| Fish Entrainment Monitoring at the                      |    | Comparison of Lower Merced Releases                        |    |
| Head of Old River Barrier.....                          | 31 | with Sacramento River Delta Releases.....                  | 74 |
| Materials and Methods.....                              | 34 | <b>Chapter 7</b>   |    |
| Results .....   | 35 | <b>Conclusions and Recommendations</b> .....               | 76 |
|   |    | <b>References Cited</b> .....                              | 78 |
|   |    | <b>Contributing Authors</b> .....                          | 78 |
|   |    | <b>Signatories to the San Joaquin River Agreement</b> .... | 79 |
|   |    | <b>Useful Web Pages</b> .....                              | 79 |
|   |    | <b>Acronyms and Abbreviations</b> .....                    | 80 |
|   |    | <b>Appendices</b> .....                                    | 81 |
